Weight

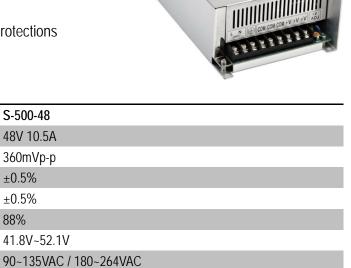

Working Temperature

Efficiency

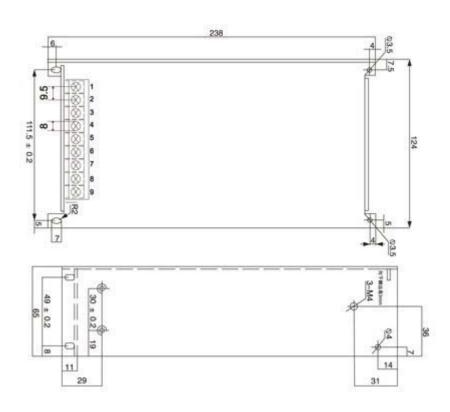

- 48V DC 10.5A output
- AC input voltage range: 90~135VAC / 180~264VAC
- High efficiency low cost
- Forced air cooling by built-in DC fan
- Low output ripple and yawp
- Over current, over voltage, short circuit and overheat protections
- 215*115*50mm (L*W*H)

Adjustable range for DC Voltage

Dimensions:
